Digital Photo Classes

Classes are Saturday mornings from 9:30-10:30 am.
Please call for reservations, seating is limited.

Point and Shoot

For the customer who loves to just point and shoot. This class will introduce you to the world of digital photography, no matter the brand or model of camera you have. Not only will you learn the functions of your camera, you will also learn the basics of digital photography. We will also cover features specific to certain brands. This is the perfect class for those of you who might be afraid of "all those buttons" on your camera, or for the person interested in taking that first step towards taking better pictures.

Intro to Digital SLR

The Digital SLR may have a lot of buttons and features, but that doesn't mean you can't master it. We'll teach you the function of each button on your camera and when it's best to implement those functions. Confused about ISO and White Balance? We've got you covered. You'll leave this class feeling more confident about your Digital SLR and be on your way to better capture your memories.

Beyond "Auto Mode"

Okay, you've taken some great pictures with your camera set to Auto Mode, but now it's time to take control of your camera and your pictures. This class will teach you to unleash the power of your camera. Learn what M,A,S,and P mean and do. Perfect for anyone with a Digital SLR, bridge camera, or for anyone interested in expanding their knowledge of photography.
